

Conflict of Interest and HPA Compliance

Declaration for Council Nominees

In addition to identifying actual or perceived conflicts of interest for persons serving with the College of Dental Technologists of Alberta ("the College"), amendments to the *Health Professions Act* (HPA) establish that a person who is an officer or senior employee of a professional association or union that represents regulated members of the College **cannot be appointed or elected to the College's Council.**

If a person elected to Council subsequently becomes an officer or senior employee of a professional association representing regulated members of the College, the individual is no longer permitted to continue in that capacity and their position on the College Council is terminated effective immediately.

These restrictions are mandatory and apply to the College and all HPA colleges.

Please provide the information requested below:

- (i) to remain transparent about any potential, real or perceived conflicts of interest and
- (ii) to ensure that you are not prevented from assuming a position on Council with the College due to the HPA and Bylaw restrictions mentioned above.

Paid employment including position and decision-making authority (all sources):
